About Southwestern Colorado Area Health Education Center (SWCAHEC)

SWCAHEC is one of six regional centers within the Colorado AHEC System. Serving 8 counties in Southwestern Colorado, SWCAHEC promotes academic/community partnerships in five main areas of focus: 1) developing pathways for students into healthcare professions; 2) creating and delivering interprofessional education and training; 3) addressing the healthcare needs of rural and underserved areas and populations; 4) working with providers to facilitate and support practice transformation, distribution, and diversity; and 5) offering specialized community-based training.

Overview of the Regional Health Connector Role

The Regional Health Connector (RHC) for HSR-9 supports practice transformation of practices; serves as a crucial point of connection between primary care practices, other health care providers, public health, and community resources; engages primary care in local community health planning and improvement efforts; and aligns public health and community resources in efforts to transform and improve primary care. The RHC is critical for achieving successful interventions for social determinants of health through partnerships between primary care and community organizations and will support the development of cross-sector partnerships.

The Regional Health Connector will preferably live in La Plata County and be willing and able to travel independently throughout the assigned region up to 50 percent of the time, including during inclement weather. This position may require some evening and weekend events. *Due to COVID-19, in-person meetings are limited at this time.

Details:  This is a part-time (approximately 18-20 hours per week), non-exempt position with the potential of increasing to a full-time role and is supervised by the Executive Director. Professional development budget is included. Neither medical nor retirement benefits are provided. This position will be eligible for medical benefits should it increase to full-time. Compensation will be $25.00-$30.00 per hour.

Essential Duties and Responsibilities:

- Attends monthly RHC Learning Community Calls, the Innovation Support Project Orientation, online training opportunities, and an annual in-person RHC retreat.
- Disseminate practice transformation opportunities, including information about the Innovation Support Project (ISP) to practices in the region.
- Communicate ISP opportunity and other opportunities to primary care practices and connects practices wanting to participate to the University.
- Implement a local priority project that aligns with the priorities of the ISP practices and those of the community (social determinants of health, provider education on trauma and stress, and screening of patients for food insecurity and/or other areas aligning with the practices required clinical quality measures).
- Provide support to ISP-related RHC Evaluation efforts.
- Provide input to the development of medical neighborhoods to the Regional Accountable Entity (RAE) or a local hospital participating in the Hospital Transformation Program (HTP).
- Invite practices to participate in community activities and connect practices to community assets as appropriate.

This position description is not intended to be an all-inclusive list of all duties, responsibilities, or qualifications associated with this position. Date Revised: Aug. 2020
Assist practices in addressing social determinants of health.

Engage in Collaborative Learning Sessions (CLS) once per year of support.
